

Announcing a revolution in global clinical trials:

Your insurance certificates on your schedule

Insurance is a small part of the global clinical trial process—but it can have a big impact on life sciences innovators. Delays in securing accurate, compliant trial insurance documentation can postpone ethics committee approval and the start of a trial, narrowing the patent exclusivity window and potentially costing millions of dollars.

Chubb understands. That's why we developed *Chubb WORLDcert*[™], a state-of-the-art, interactive clinical trial insurance and certificate management system. The first solution in the marketplace to automate the entire process, *Chubb WORLDcert* assures your life science or clinical research organization of fast, accurate documentation and helps put you in control of the insurance management process.

System features include:

- Instant issuance and modification of global clinical trial insurance certificates.
- Instant trial insurance quotes.
- Database of country-specific insurance requirements.
- Intuitive design for ease of use.
- User-controlled—no waiting for an insurer to complete back-end processes for certificate issuance.
- Certificate issuance in the local language.
- Capability to email certificates to anyone worldwide.
- Real-time access to Chubb's limits profile for an investigational product or class of products.
- Customized insuring options.

Chubb *WORLDcert* Benefits

The *Chubb WORLDcert* clinical trial insurance management system helps your organization:

- **Save time and money** with a streamlined insurance purchasing and certification process.
- **Eliminate transposition errors** with no re-keying of data.
- **Simplify the insurance management process** with a complete online solution that handles everything from the insurance quote to issuance of insurance certificates.
- **Facilitate compliance with regulatory and ethics committee requirements**, which vary widely from country to country. Chubb provides locally admitted insurance in a growing number of countries, as well as non-admitted insurance in more than 100 countries.

Backed by Decades of Experience and Expertise

Chubb has helped life sciences firms navigate the complexities of global human clinical trials for more than 20 years. We developed *Chubb WORLDcert* in response to the needs voiced by firms like yours, and we support it with a range of capabilities:

- **Tailored insurance solutions**—Chubb's *Customarq for Life Sciences* portfolio of insurance protection is tailored to meet the unique needs of life sciences firms.
- **Global capabilities**—Chubb has owned offices in 27 countries and deep relationships with affiliate insurers in many others. We have underwriting, loss control and claim professionals who specialize in life sciences and are accessible worldwide.
- **Superior service**—Chubb's reputation for service and fair claim handling is renowned the world over.
- **Unparalleled strength**—Chubb rates among the best in the insurance industry, as attested by Standard & Poor's and A.M. Best Company, the leading insurance rating services. For more than 50 years, Chubb has remained part of an elite group of insurers that have maintained Best's highest ratings.
